Omega Juicers: known for decades for juicer products of excellence. Now Omega Juicers is introducing the high-performance OM6562 blender in Europe following initial launch in the US in 2016. A 1380 watt motor puts this Omega blender way out ahead of the competition. Double-bladed cutter and drive coupling of high-quality stainless steel. Pitcher made of BPA-free Tritan plastic. Rotating double-bladed cutter specially designed to optimally circulate foods inside the Omega blender, steadily drawing them back down for blending. Attractive blue LED operation panel is streamlined and intuitive, featuring power switch, speed selection knob (11 speeds) and three-level preset speed selector.

Benefits at a glance:

- 11 speed levels
- Powerful 1380 watt motor
- Robust and stable
- Easy to use and clean

*All food-contacting parts BPA-free. **for non-commercial use
