- 64114 Spoonula spatula

Product data

Item no.	64300SC, 64300RO, 64300SM
EAN	8 493690 10189 (black), 849369010196 (bordeaux) 849369011841 (silver)
Housing material	Plastic
Blender/jar drive coupling material	Metal/metal
Functionalities	Blending, crushing ice
Capacity	2.6 litres (optimal fill volume 1.1 litres))
Special features	6 pre-set preparation cycles
Control panel	Touchscreen
Dimensions WxHxD	17.8 x 23.4 x 39.6 cm
Weight	4.3 kg
Motor capacity	1560 watts
Voltage	220-240 V
Warranty non-commercial use	8 years
Warranty commercial use	6 months
Certified quality	BPA-free*, 

Available colours: black, bordeaux, silver

The Designer 650 blender combines power with the reliability of professional Blendtec blender models used in the food service industry worldwide. The model comes with a 5-cornered WideSide+ blending jar that augments its sleek, modern design. The appliance is incredibly easy to operate and delivers outstanding blending results. The centrepiece of the ingenious operating controls is a set of six pre-set cycles for fully automated blending which you start with a mere finger tap on the backlit touch display. The choices: batter, mixed drinks, sorbet, smoothie, juice and warm soup. Blendtec blenders are known for their extraordinary power and for no-tamp blending. The Designer 650 features the legendary Blendtec double blade in slightly larger dimensions made for the WideSide+ jar. Blendtec blades are up to 80% thicker and ten times more robust than the blades used in other high-performance mixers. Blender blades that are sharpened will inevitably blunt - but that's never a problem with the Blendtec safety blade, which is made blunt in the first place and chops up foods solely by the power of the appliance's 1560 watt motor. That explains why Blendtec motors are always a bit more powerful than those in comparable competitor models.

The compelling features of Blendtec Designer 650 Blender with WildSide+ jar:

- No-tamp blending: optional Twister jar ideal for thicker consistencies
- Powerful 1560 watt motor
- Four pre-set blending cycles, easy to operate
- Five manual speeds plus pulse function
- Longest warranty offered for comparable devices (8 years)

*All food-contacting parts BPA-free.
