- 64112 Mini WildSide jar
- 64140 Spectacula spatula
- 64114 Spoonula spatula

Product data

Item no.	64500SM (silver metallic), 64500DM (dark grey metallic)
EAN	8 493690 06984
Housing material	Metal, plastic
Blender/jar drive coupling material	Metal/metal
Functionalities	Blending, crushing ice
Capacity	2 litres (optimal fill volume 1.1 litres)
Special features	6 pre-set preparation cycles
Control panel	Touchscreen
Dimensions WxHxD	17.8 x 23.4 x 39.6 cm
Weight	4.85 kg
Motor capacity	1800 watts
Voltage	220-240 V
Warranty non-commercial use	8 years
Warranty commercial use	6 months
Certified quality	BPA-free* 

Available colours: silver metallic, dark grey metallic

The Blendtec Designer 725 featuring SmartBlend technology represents another unique Blendtec innovation. A next-level appliance for intelligent blending, going beyond the well-known advantages afforded by Blendtec innovations like blunt double blades and five different angular jars, including no-tamp blending and simple operation without buttons or switches. Sophisticated sensor technology yields even better blending results, as the appliance alerts users if there is too little liquid content in the jar, if air holes are forming in the blending foods or if the motor is overheating.

The display immediately shows a corresponding notification when the appliance senses any of the above. Never-before-seen blender technology: the Blendtec Designer 725 actively communicates with the outside world! Six pre-set cycles are activated by a single finger-touch of the illuminated touch display: smoothies, dips, sorbets, juices, warm soups and cleaning.

The compelling features of Blendtec Design 725 Blender with WildSide+ jar:

- Easy touchscreen operation
- Powerful 1800 watt motor
- Six pre-set operation cycles
- 100 manual speed levels plus pulse function
- SmartBlend technology
- No-tamp blending: optional Twister jar ideal for thicker consistencies

*All food-contacting parts BPA-free.
