- Dough insert
- Juicing sieve (fine)
- Juicing sieve (coarse)
- Foam sieve
- Stainless steel double press cylinders
- Press cylinder unit
- Outlet unit
- Glass juice jug
- Hopper cap
- Hopper cover unit
- Drip tray
- IEC cable
- User manual

### Product data

Item no.	50300GR (grey) 50300WE (white)
EAN	009375713720 (grey) 009375713683 (white)
Housing material	Polyoxymethylene (POM), BPA-free*
Screw press material	100% stainless steel
Juice catch fill volume	0.7 litres
Functionalities	Juicing, homogenising, crushing, pureeing
Control panel	Toggle switch
Speed	110 rpms
Max. non-stop operation time	60 min.
Uses	Juicing, pureeing, making ice cream & confections, grinding spices
Appliance dimensions (W x D x H)	52 x 18 x 34.5 cm
Voltage	220-240 V
Weight	7.8 kg
Warranty (non-commercial use)	5 years / motor 12 years
Certified quality	BPA-free*, 

Available colours: White, grey

Incredibly, Tribest has succeeded in improving on its Elite and Pro models.

The GS 5 is technically similar to the Greenstar Pro, with twin press cylinders of 100% stainless steel and a tamper holder.

But the GS 5 has a redesigned housing unit for the press cylinders and an even more robustly made bayonet system that makes the machine even simpler and easier to put together.

Another innovative design feature is the space for the glass juice jug and included drip tray. Available in white and grey, this new Greenstar has an attractively modern look and feel.
